

A screenshot of the OpenChain Self Certification Questionnaire. The header shows "OPENCHAIN" and "OpenChain Self Certification Questionnaire Specification Version 1.2". The questionnaire is divided into sections: "1-01: Know Your FOSS Responsibilities" (13 answered out of 13), "1-02: Assign Responsibility for Achieving Compliance" (7 answered out of 7), "1-03: Review and Approve FOSS Content" (9 answered out of 9), "1-04: Deliver FOSS Content Documentation and Artifacts" (4 answered out of 9), and "1-05: Understand FOSS Community Engagement" (4 answered out of 4). The questions are listed with checkboxes for "Yes" and "No". At the bottom, there are buttons for "Save Answers", "Save and Submit", "Download Answers", and "Reset Questionnaire".

The OpenChain Project defines the key requirements for a quality open source compliance program.

It is a simple, effective standard for organizations of all sizes in all markets. It is openly developed and freely available to all.

The OpenChain Project is supported by extensive reference material, free online self-certification and a vibrant community.
